Let's hear what people say about us

I've been in a banquet committee now for the past 3 years and have been on decorating and this is one of the first years where I have seen such an amazing arrangement of balloons in this way that just added to our event. I'm very excited to see all of our guests come tonight, I think they will be very surprised to see all of these amazing balloons that really, really like I said add to our event.

Absolutely a pleasure to work with... Beautiful product and great communication. Ordered online and she read my mind. As the balloons were going up, it was like she was in my brain with my ideas. I will surely visit again for my balloon needs.

Jaime Smeall - Avenue Bread

I'm not going to get the service of any other balloon decorating company aside from Posh Balloon Decor. They really impressed me with their ideas. Their customer service is superb. It was a great experience having them decorate my party.
